The one that needed further investigation was sent out to the field. He detailed how the agents are working in the field and on the rivers. Mr. Snooks was asked how the distribution of cases was between hunting and river operations. He stated that at this time, 90 % of new cases apply to river operations. The Board directed Mr. Snooks to present the Board with more detailed information with regard to all current cases as well as cases that have been closed. Director Howard spoke to the Board with regard to the Multi-State Outfitters Licensing Board Meeting that Mr. Snooks, Ms. Leanne Reincke, and he attended earlier in the month.

STAFF REPORTS – Steve Tobiason – Cases under prosecution: Journeys Outdoor Adventures (JOAs) – Mr. Tobiason detailed the situation with this outfitter and explained that the matter is currently under review and Mr. Steve Scanlin, Board Counsel, has written a letter to JOAs to explain IOGLB's concerns with their operations. **Whitewater West, Gail & Stan Watts** – Mr. Tobiason reviewed this matter with the

Board and also gave a little background on the case and what has happened up to this time. Mr. Tobiason was asked to contact the Outfitter regarding compliance and future Board action. **David Shillinger** – Mr. Tobiason reviewed a letter sent to Mr. Fred Imler II, owner of Jagged Edge Outfitting, regarding the revocation of his designated agent's, David Shillinger, license and payment of the Board's administrative costs for prosecution. It has been made clear to Mr. Imler that the Board would not consider a sale of the business until this matter is resolved and that the matter must be resolved prior to reissuance next year.

STAFF REPORTS – Technical Records Specialist I – Leanne Reincke: Ms. Reincke presented reports (attached) detailing the current status of new applications, amendment requests, and buy/sell areas, as well as the allocation information. Board member Farr suggested that the IOGLB staff try making one phone call to the outfitter to fix application and then return it by mail if response not immediate. It was suggested that the Allocation cut-off date be changed to accommodate the IDFG license schedule. It was suggested that a letter be sent about mid-year to notify the outfitter that they will not receive their vouchers until they submit their recap information from previous year. Ms. Reincke explained that two outfitters have purchased tags with vouchers in their own name, which is not allowed by the Board.

Recessed for lunch @ 12:15 PM and reconvened at 1:45 PM with all members present. Also present were Executive Director Jake Howard, Secretary Kim Walleth and IOGA President Grant Simonds.

DIRECTOR'S REPORT – Executive Director, Jake Howard: Director Howard repeated that licensing is up to date and current and that licenses are being issued within 36 hours on the average, unlike 14 days in previous years. The Board asked Director Howard to be sure to let the outfitters know that old forms will not be accepted next year for guide license applications. **Financial** – Director Howard presented financial information to the Board and stated that he estimates IOGLB will end the fiscal year approximately \$34,000 left unspent which will be returned to the free fund balance for re-appropriation by the Governor and Legislature in 2004. **Ridge & Cash Taylor** – Executive Director presented a letter from Mr. Taylor asking for an exception on the non-use based on his operation. received only two letters on the matter. Mr. Simonds presented IOGA views based on input that he received from outfitters and that outlined in a letter to the Board. Director Howard stated he would prepare a response to the IOGA and would cooperate with them in addressing their concerns. Mr. Simonds feels that Enforcement is the one area that needs to be the focus. The Board discussed some confusion with regard to temporary and proposed rules. The difference is: Temporary rules will go into effect July 1, 2003; the Proposed rules, including the fee increase, will go into effect July 1, 2004.

Meeting recessed at 5:00 PM and reconvened at 8:30 AM, Tuesday, June 24, 2003, with all members present. Board Action – Outfitter Overlaps in Units 14, 18, and 19A: This matter was discussed due to a pending sale of Ace Outfitters requested by Mr. Tom Fliss. Mr. Tim Craig, representing Boulder Creek Outfitters, expressed concern with the sale and had asked for Board consideration of an overlap of outfitter areas in Unit 14 and Unit 18. As the result of the April Board meeting and an initial review by the Executive Director and several Board members, it appeared that Ace Outfitters was in non-use in several activities in Units 14 and 18. It was determined in the meeting that this was not the case. On a separate but related matter, Director Howard reported that he had discussed the overlap of Ace Outfitters by Jim Daude Outfitters and Bloxham and Bloxham Outfitters with these two outfitters respectively. He said that they had shown non-use for several years and they had decided to not contest the removal of these areas from their licenses. It was also determined that there are allocated tags in Unit 14 for deer. Boulder Creek Outfitters has 14 of those at this time. The question brought to the Board was: Does Ace Outfitters have historic use to become eligible for tags in Unit 14? The Board agreed to review the matter and contact the outfitters with their determination. Mr. Craig requested that an amendment be considered to provide better access to his operation in Unit 14, Slate Creek to Hammer Creek.
